Patient Financial Policy for Premier Foot & Ankle

Your understanding of our financial policies is an essential element of your care and treatment. If you have any questions, please discuss them with the front office staff or supervisor.

- As our patients, you are responsible for all authorizations/ referrals needed to seek treatment in this office.
- Your insurance policy is a contract between you and your insurance company. As a courtesy, we will file your insurance claim for you if you assign benefits to the doctor. In other words, you agreed to have your insurance company pay the doctor directly. If your insurance company does not pay the practice within a reasonable period, we will have to look to you for payment.
- We have made prior arrangements with certain insurers and other health plans to accept an assignment of benefits. We will bill those plans with which we have an agreement and will only require you to pay the copay/ coinsurance/ deductible at the time of service.
- If you have insurance coverage with a plan with which we do not have a prior agreement, **all charges for your care and treatment are due at the time of service.**
- All health plans are not the same and do not cover the same services. **In the event your health plan determines a service to be "not covered," or you do not have an authorization, you will be responsible for the complete charge**.
- We will attempt to verify benefits for some specialized services or referrals; however, you remain responsible for charges to any service rendered. Patients are encouraged to contact their plans for clarification of benefits prior to services rendered.
- You must inform the office of all insurance changes and authorization/ referral requirements. In the event the office is not informed, you will be responsible for any charges denied.
- For most services provided in the hospital, we will bill your health plan. Any balance due is your responsibility.
- There are certain elective surgical procedures for which we require prepayment. You will be informed if your procedure is one of those. In that event, payment will be due one week prior to the surgery.
- Past due accounts are subject to collection proceedings. All costs incurred including, but not limited to, collection fees, attorney fees and court fees shall be your responsibility in addition to the balance due this office.
- **A $25 fee will be added to your account for any cancellation not received within 24 hours of your appointments.**
- There is a service fee of $25 for all returned checks. Your insurance company does not cover this fee.
